

SPRING SEMINAR SERIES

Hosted by Ecosystem Science and Sustainability, Forest and Rangeland Stewardship, and the Graduate Degree Program in Ecology

Fayola Jacobs

Black Feminisms and Black Geographies: The Possibilities for Climate Justice Research

Fayola Jacobs, PhD, is an assistant professor at the Hubert H. Humphrey School of Public Affairs at the University of Minnesota. In this talk, she discusses Black geographies and Black feminisms as potentially useful lenses for climate justice research in urban planning. She asks, how can these lenses change the questions we ask, and how can these changed questions help us arrive at more equitable and just environmental futures?

WEDNESDAY | MAR 2 | 4:00 - 5:00 PM MT
